Nuplex Composites Colours have always been regarded as the benchmark for Gel Coat colours within Australia and New Zealand. As such we have included these colours for your reference and comparison to your existing colours. Please keep in mind, colours shown on your computer could vary to the actual colour.

Colour card chips have been matched to standards as closely as possible under duplication methods, however exact colour match is not guaranteed.  
% indicates addition of colour concentrate to neutral gelcoat or flowcoat.  
• Aquaguard colours suitable for swimming pool use.
